Dr. J. C. Ayrn: I do not be since to say the best remedy I have ever found for Coughs, Hourseness, Influenza, and the concomitant symptoms of a Cold, is your CHERRY PECTORAL. Ayer's Cathartic Pills.

The sciences of Chemistry and Medicine have been taxed their utmost to produce this test, most perfect purgative which is known to man. Innumerable proofs are shown that these Pills have virtues which surpass in excellence the ordinary mediclues, and that they win un-precedentedly upon the esteem of all men. They are safe and pleasant to take, but powerful to cure. Their penetrating properties sthoulate the vital activities of the body, remove the obstructions of its organs, purify the blood and expel disease. They purge out the feul funners which breel and grow distemper, stimulate sluggesh or disco dered organs into their natural action, and impart healthy tone with strength to the whol, system. Not only do they cure the every-day complaints of every body, but also formidable and dangerous diseases that bave by Med the best of human skill. While they produce powerful (ffects, they are at the same time, in diminished does, the safest and best physical can be employed for children. Being sugar-coated, they are pleasant to take; and being purely vegetable, are free from any risk of loren. Unress have been made which surpass belief were they not substantiated by men of such existed position and character as to forbld the suspicion of untruth. Some of these scenes develope a refinement of crucity and a systematic torture that caunot fall to send a child horror through every civilized community! The News from Utah-Reliable Accounts-The Mormons Migrating.

The report that Gen. Scott received dispatches to fight, is certainly untrue. The following from the St. Louis Democrat, of the 17th, gives the true account of affairs, which is more favorable.

The party of Col. Kane, from Camp Scott, ar rived here vesterday morning on the steamer Emigrant. The Colonel remained but a few hours, leaving for Washington on the Ohio and Mississippi afternoon train. The information brought by his party; of whom we may give the name of Major Howard Engan as authority, repeats, with additional interesting details, that telegraphed to us from Coonville on Monday night.

The party left Campt Scott on the 16th of Governor Cumming had returned there from Salt Lake City. He stated that almost instantly upon his arrival at the Mormon city he found the population moving off. The movement land indeed commenced, and shortly increased till the entire people of the Northern settlements were in motion. Brigham Young formally delivered into his hands, the "great seal," and all State records. The Mormon chiefs appeared particularly solicitous that Gov. Cumming should take possession of these momentous documents, relying upon this measure as the only one of their preservation. They were urgent that the Governor should at once deposit them in a fire proof safe. The reason of this soon transpired with the discovery, that extensive preparations had been skillfully made to give the city to the flames, a la Russians at Moscow. Large quantities of dried fence-wood had been arranged in many houses which a match would have kindled to conflagration. Happidly be ter councils prevailed among the leaders, and strenous endeavors were successfully made by the major part of the population to prevent the catastrophe

INCURABLE AND GIVEN UP TO DIE.

Dr. J. Whiliams—Dear Sir:—For fifteen years previous to 4854, I suffered so much from Dyspepsy, that a became completely prostrated, both in mind and body, and at length became so weakened, I could not attend to my business, and was sinking into a decline, and it was believed I never could recover; the cost medical aid was procured for me and every means resorted to without any relief, till I was advised to use your "Elixir," and from the time I began taking it, I gradually improved till I was completely restored to health. The dreadful sufferings I cudured from Dyspepsy I cannot describe; but I am confident that without the use of your "Elixir," I should be in my grave. I assert that I solemely believe your "Elixir" has saved me from an early death, I continue now in the enjoyment of most excellent health.

S'POMACH OR LIYER.

SUCH as Indigestion, Acidity of the Stomach, Colicky Fains, Heartburg, Less of Appetite, Despondency, Costiveness, Blind and Bleading Piles. In all Nervous and Rheumatic and Neuralge Affections, it has in numerous instances pr. vel highly beneficial, and in others affected a desided cure.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Borhave. Because of its great success in most of the European States, its introduction in the I'. S. was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the seconstitutions use of arlent-spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way directly to the sect of life, thrilling and quickening every nerve, raising up the drooping spirit, and in tact, infusing new health and vigor in the system.

Notice—Whoever expects to find this a baverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cardial possessed of singular remedial properties. STOMACH OR LIVER.

CAUTION.

The great popularity of this celebrated Aroum has induced many indiations, which the public should guard against purchasing. Be not persuaded to buy anything until you have given Boerhave's Holland Bitters a fair trial. One bestle will convince you how infinitely superior it is to all these imitations

WASHINGTON, D. C., 7 Feb., 1868.

Sir: I have used your Fills in my general and hospital
practice ever since your made them, and cannot hesitate to
say they are the best cathartic we employ. Their regulating action on the brer is quick and decided, consequently they are an admirable remedy for derangements of thatorgan. Indeed, I have subban found a case of bilious discase so obthuse that if did not readily yield to them.

Post Office, Harland, Liv. Co., Mich., Nov. 16, 1855.
Dr. Atkr. Your Pills are the perfection of medicine.
They have slone my wife more good than I can tell you. She had been sick and pining away for munths. Went off to be doctored at great expense, but got no better. She then commenced taking your Pills, which soon cured her, by expelling large quantities of worms (dead) from her bedy. They afterward Eured her and our two children of bloody dysentery. One of our neighbors had it bad, and my wife cured him with two doese of your Pills, while

of bloody dysentery. One of our neighbors had it bad, and my wife cured him with two doses of your Fills, while others around us paid from five to twenty dollars doctors bills, and lost much time, without being cared entirely even them. Such a medicine as yours, which is actually good and honest, will be prized here.

GEO. J. GEIFFIN, Postmaster. Indigestica and Impurity of the Blood. From Rev. J. V. Himes, Pustor of Advent Church, Boston.
Dr. Afer: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood they are the very best remedy I have ever known, and I can confidently recommend them to my friends.

Dr. Aver: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incarable for years. Her mother had been long grievonsly afflicted with blotches and pinples on her skin and in her hair. After our child was cured, she also Iried your Pills, and they have cured her. ASA MORGRIDGE. Rheumatism, Neuralgia, and Gont.

From the Rev. Dr. Hawkes, of the Methodist Epis. Church,
PULLSKI HOUSE, SAYANAB, GA., Jan. 6, 1856.

HONORED SIR: I should be ungrateful for the relief your
skill has brought me if I did not report my cuse to you.
A cold settled in my limbs and brought on excruciating
neuralgic pains, which ended in chronic rhematism.
Notwithstanding I had the best of physicians, the disease
grew worse and worse, nntil, by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pilla.
Their effects were slow, but sure. By persevering in the
use of them, I am now entirely well.

SENATE CHAMBER, BATON ROUGE, La., 5 Dec., 1855.
Dr. Ayer: I have been entirely cured by your Pills of Dr. Aver: I have been entirely cured by your Pills of Bh. amatle Gout — a painful disease that had afflicted me for years.

For Dropsy, Plethora, or kindred Complaints, roquiring an active purge, they are an excel-lent remedy. For Costiveness or Constipation, and as Dinner Pill, they are agreeable and effectual. Fits, Suppression, Paralysis, Inflamma-tion, and even Deafness, and Partial Blind ness, have been cured by the alterative action of these Fills.

Mort of the Pills lu market contain Mercury, which, at though a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that fre-quently follow its incantious use. These contain no mer, cury or mineral substance whatever.

AYER'S CHERRY PECTORAL FOR THE RAPID CURE OF COUGHS, COLDS, HOARSENESS, INFLU-ENZA, BRONCHITIS, WHOOPING COUGH, CROUP, ASTHMA, IN-

COUGH, CROUP, ASTHMA, IN(CIPIENT CONSUMPTION,
and for the relief of consumptive patients in advanced
stages of the disease.

We need not speak to the public of its virtues.
Throughout every town, and almost every hamlet of the
American States, its wonderful curses of pulmonary complaints have made it already known. Nay, few are the
families in any civilized contry on this continent without some personal experience of its effects; and fewer yet
the communities any where which have not among them
some living trophy of his victory over the subite and dangerous diseases of the throat and lungs. While it is the
most powerful antidute yet known to man for the formidable and dangarous diseases of the pulmonary organs, it
is also the pleasaniest and sufest remedy that can be employed for Infants and young persons. Parents should
have it in store against the insidious enemy that steals
apon them unprepared. We have abundant grounds to
believe the Cherry Pedoral saves more lives by the consumptions it prevents than those it curse. Keep it by
you, and onre your colds while they are curable, nor neglect them until no human skill can master the inexorable
canker that, fastened on the vitals, east your life away
All know the dreadful intality of lung disorders, and as
they know too the virtnes of this remedy, we need not do
more than to assure them it is still made the best it can
be. We spare no cect, no care, no toil to preduce it the
most perfect possible, and thus afford those who rely on
It the best agent which our skill can furnish for their cure.
